PRESS RELATIONS OFFICER
STATE POLICE TROOP 'H'
100 WASHINGTON STREET
HARTFORD, CT

Dear Sir:

WFCS RADIO is a non-commercial educational FM stattion which broadcasts year round from 8 am to 3 am. This letter requests your cooperation for the issuance of regular State Police press passes to the active working members of the news department of WFCS.

The news department of WFCS is an active contributing member to the Associated PPress and all Connecticut broadcast stattions not able to cover the Hartford area.

We cover events such as Governor Grasso's Daily News Conferences and in the past have received Secret Service clearance for coverage of Senator Kennedy's and McGovern's visits to Connecticut during the past election campaign.

In the past, our news department has been denied admittance to news events because we don't have passes and our stattion passes were termed insufficient. (Other stations which possessed the State Police press pass were allowed admittance with no questions asked.) We feel that indeed we serve our sector of the general public in the same way that any commercial station would.

Attached are the names, addresses, and ages of the active working members of the news staff.

Thank you for your cooperation.

Sincerely yours

Alexander J. Fraser
News Director - WFCS
